The Central Bureau of Statistics (CBS) is the institution officially assigned with the collection, processing and publication of statistics to be used by policymakers, in practice and for research in different areas. It is a government department that resorts under the jurisdiction of the Ministry of Finance and Economic Affairs.

Objective statistical information is vital to an open and democratic society. It provides a solid foundation for informed decision-making by elected representatives, businesses, unions and non-profit organizations, as well as the general individual Aruban population. It's also recognized as an inexhaustible source for scientific research.

Aruba Digital Map

The Aruba Digital Map shows a wealth of statistical information in a graphical way. This helps to gain insight in the trends and data offered by CBS. It also gives the possibility to dissect information by location.

You can download a cut down version of the map

- in PDF format (PDF viewer software required)
- in HTML format (javascript required, new window)

Note that these versions only show a subset of the data available. If you are interested in purchasing a full version of the digital map on CD, please [contact us](#).
